IN THIS PRESENTATION A REFERENCE TO THE ‘OFFER’ IS A REFERENCE TO THE PROPOSED ACQUISITION OF ALL WOT UNITS AND IRS FROM WOT UNITHOLDERS AND IR HOLDERS AT THE APPLICABLE RECORD DATE BY MIRVAC TO BE IMPLEMENTED UNDER A TRUST SCHEME, THAT IS SUBJECT TO, AMONGST OTHER THINGS, APPROVAL BY A MEETING OF WOT UNITHOLDERS.

EXECUTIVE SUMMARY

- Mirvac Group ("Mirvac") has made an offer to acquire all of the units and instalment receipts ("IR") in Westpac Office Trust ("WOT") for consideration valued at \$0.86 per WOT unit (the "Offer")
- Under the Offer, WOT unitholders and IR holders¹ have the option of electing to receive either² 100 per cent Mirvac scrip consideration at a ratio of 0.597 Mirvac stapled securities for every one WOT unit held³, or 0.597 Mirvac IRs for every one WOT IR held ("Scrip Option"), or cash of \$0.86⁴ per WOT unit ("Cash Option")
- The Offer delivers a number of strategic benefits to WOT unitholders and IR holders¹ including:
 - Consideration represents a 14.6 per cent premium to 30 day VWAP⁵ and 2.4 per cent premium to NTA⁶
 - Solution to WOT's significant near-term funding challenges
 - Ability to maintain IR structure substantially on the same terms
- Strategic benefits to existing Mirvac securityholders include:
 - FY11 Mirvac Property Trust EPS accretion of 3.0 per cent^{7,8,9}
 - Improves the quality and metrics of Mirvac's investment portfolio
 - Reinforces Mirvac's position as a top four entity of the S&P/A-REIT 200 index¹⁰
- The Offer will be implemented via the Scheme ("Scheme") requiring WOT unitholder approval
- The directors of Westpac Funds Management Limited ("WFML") who are independent of the Westpac Group, have unanimously recommended that WOT unitholders vote in favour of the Scheme, subject to the findings of the independent expert's report and in the absence of a superior proposal.

1) WOT unitholders and IR holders with registered addresses outside Australia and New Zealand will, to the extent they would otherwise become entitled to Mirvac stapled securities, have those Mirvac stapled securities sold through the sale facility ("Sale Facility") on their behalf.
2) If WOT unitholders and IR holders do not make an election they will be deemed to have elected the Scrip Option.
3) Based on Mirvac stapled security five day VWAP to 27 April 2010.
4) Subject to a cap of \$200 million. In the event that demand for the Cash Option from WOT unitholders and IR holders exceeds \$200 million, the demand exceeding \$200 million will be satisfied via the issue of Mirvac stapled securities valued at \$0.86 per WOT unit (based on Mirvac stapled security five day VWAP to 27 April 2010).
5) Prior to exclusive due diligence ASX announcement on 7 April 2010.
6) Consequent upon a change of control following the Mirvac offer the \$7.8 million accrued performance fee becomes payable in cash which reduces NTA to \$0.82 per unit.
7) Full details of assumptions underlying these calculations will be contained in the Explanatory Memorandum to be provided to eligible WOT unitholders and IR holders on or around 11 June 2010.
8) Assumes all WOT unitholders and IR holders elect to receive the Scrip Option and that Mirvac retires 100 per cent of WOT's debt facilities.
9) Post dilution from 14 April 2010 allotment of securities relating to 7 April 2010 equity raising. This assumes \$500 million raised including full \$150 million from Security Purchase Plan ("SPP") (closes on 6 May 2010).
10) Based on market capitalisation as at 27 April 2010.

KEY OFFER TERMS

- > WOT unitholders and IR holders¹ will receive consideration valued at \$0.86 per WOT unit²
- > WOT unitholders and IR holders¹ will have the option of electing to receive either:³
 - Scrip Option – 0.597 Mirvac stapled securities for every one WOT unit held or 0.597 Mirvac IRs for every one WOT IR held, valued at \$0.86 per WOT unit²; or
 - Cash Option – \$0.86 cash per WOT unit⁴
- > The terms of the Mirvac IRs and associated funding will be substantially similar to those of the WOT IRs
- > All Mirvac stapled securities issued pursuant to the Scheme will rank equally with existing Mirvac stapled securities, with full entitlement to Mirvac's September quarter distribution⁵
- > A Sale Facility will be available to WOT unitholders and IR holders should they wish to sell any Mirvac stapled securities received under the Offer
- > The Offer will be implemented via the Scheme requiring WOT unitholder approval
- > Further details of the Offer will be outlined in the Explanatory Memorandum which is expected to be sent to eligible WOT unitholders and IR holders on or about 11 June 2010
- > As part of the Scheme, and in the event that WOT unitholders approve the Scheme, Westpac will receive \$15 million consideration for agreement to forgo future management fees, transaction and advisory fees and entering into various agreements in relation to the Scheme

- 1) WOT unitholders and IR holders with registered addresses outside Australia and New Zealand will, to the extent they would otherwise become entitled to Mirvac stapled securities, have those Mirvac stapled securities sold through the Sale Facility on their behalf.
- 2) Based on Mirvac stapled security five day VWAP to 27 April 2010.
- 3) If WOT unitholders and IR holders do not make an election they will be deemed to have elected the Scrip Option.
- 4) Subject to a cap of \$200 million. In the event that demand for the Cash Option from WOT unitholders and IR holders exceeds the cap, the demand exceeding \$200 million will be satisfied via the issue of Mirvac stapled securities, valued at \$0.86 per WOT unit (based on Mirvac stapled security five day VWAP to 27 April 2010).
- 5) Assuming implementation at 21 July 2010.

RATIONALE AND IMPACT – WOT UNITHOLDERS AND IR HOLDERS

> WOT as a stand-alone vehicle currently faces funding challenges:

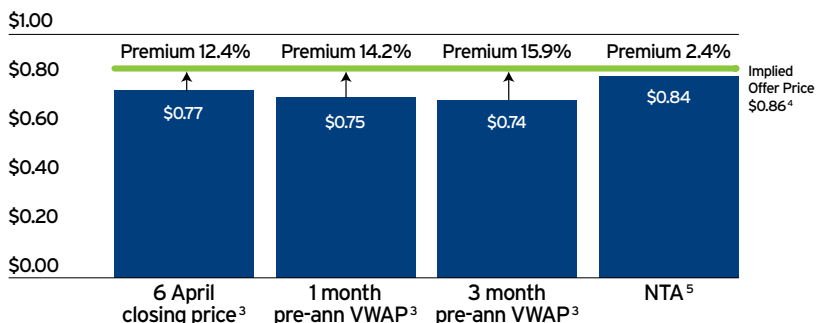

- 100 per cent of debt matures in calendar year 2011. Cost of debt is currently significantly below market:
 - > \$216 million Westpac term debt facility expiring in July 2011 at a margin of 0.65 per cent
 - > \$505 million CMBS expiring in November 2011 at a margin of 0.276 per cent
- Higher interest costs are likely to be incurred resulting in a material reduction to WOT earnings and distributions (assuming that WOT is able to refinance its debt at current gearing levels)
- Difficulty in funding future significant development and capital expenditure
- Balance Sheet Gearing at 31 December 2009 of 61.7 per cent (versus pro forma Mirvac Balance Sheet Gearing of 25.2 per cent)¹

Proposed transaction represents a solution to funding challenges via Mirvac's liquidity position of approximately \$1.6 billion²

> The terms of the Mirvac IRs and associated funding will be substantially similar to those of the WOT IRs

> Pricing of the Offer is attractive when compared with both WOT's trading performance prior to announcement of Mirvac's exclusive due diligence on WOT³ and NTA⁵:

Offer price a premium to trading performance and NTA of WOT

Trading performance of WOT

1) Assuming \$150 million SPP and all WOT unitholders and IR holders elect to receive the Scrip Option.
 2) 31 March 2010 cash on hand plus undrawn debt facilities and \$500 million capital raising.
 3) Mirvac announced on 7 April 2010 that it was in exclusive due diligence with WFML for a potential acquisition of all units and IRs in WOT.
 4) The Scrip Option equals 0.597 Mirvac stapled securities for every one WOT unit held.
 5) Consequent upon a change of control following the Mirvac offer the \$7.8 million accrued performance fee becomes payable in cash which reduces NTA to \$0.82 per unit.

RATIONALE AND IMPACT – WOT UNITHOLDERS AND IR HOLDERS

> Transaction provides an opportunity to become a Mirvac securityholder, benefits of which include:

- Experienced management team and corporate history of 38 years
- Prudent through cycle target NPAT earnings mix of 80 per cent trust and 20 per cent corporate

> Exposure to potential upside from Mirvac's diversified investment business:

- Geographic and asset sector diversification
- Recovery in commercial market fundamentals fuelled by decline in supply, growth in employment and increased business confidence
- Income diversification across a wider group of Australian investment grade assets

> Exposure to potential upside from Mirvac's integrated development business:

- Mirvac believes now is an attractive point in Australia's economic and real estate cycle to develop residential and investment assets
- Ability to further develop Woolworths NSO, Norwest via Mirvac's development capabilities: design, construction and development management³
